Objective: A software internship at the intersection of design and technology that will allow me to further develop my problem solving skills and creativity.

Education

Harvey Mudd College, Claremont, CA
B.S., Computer Science, *expected 05.2020*
Second Major: Studio Art

Archbishop Mitty High School, San Jose, CA
Graduated with Honors, *05.2016*
GPA: 4.61

Coursework and Projects

Relevant Coursework

- Software Development
- Algorithms
- Computer Systems
- Data Structures and Program Development
- Computability and Logic
- Discrete Mathematics
- Digital Art
- Video Art

Projects

- **3D Hair Simulation**, *Present*
  Use OpenGL to create models of hair.
- **Portfolio Website**, *Present*
  Use React to design a portfolio website to showcase my coding and art projects.
- **Steganography**, *09.2018*
  Used OpenCV to encode and decode images and messages within images.
- **Reconstructing Phylogenetic Trees**, *02.2017*
  Implemented neighbor joining algorithm with Python and matplotlib.

Skills

Coding

- Java
- Python
- C++
- C
- React
- HTML
- CSS
- JavaScript
- OpenGL
- OpenCV

Tools

- Illustrator
- Photoshop
- Premiere
- Paint Tool SAI
- Blender

Work Experience

Tutor and Grader, *08.2017 – Present*
Harvey Mudd College, Claremont, CA

- Computer Systems (*Fall 2018*)
- Data Structures and Program Development (*Spring 2018*)
- Biology and Computer Science (*Fall 2017*)

Graphic Designer, *08.2018 – Present*
The Student Life, Claremont, CA
Work with editors to contribute weekly visuals for the Claremont Consortium newspaper.

Software Engineering Intern, *05.2018 – 08.2018*
HomeAway, Austin, TX
Increased load performance by about 300% through a front-end proof-of-concept project on JAMstack PWAs.

Teaching Assistant, *06.2017 – 07.2017*
ALearn, Mountain View, CA
Taught seventh graders math, led college readiness discussions, facilitated growth mindset exercises.

Extracurricular Activities

Hackathons

- InternHackATX (PlanAway: *2nd Place*), *07.2018*
  - Worked with a team to create a natural language processing chatbot to assist with group travel planning.
- Hacktech (Secret Agent Descent), *03.2018*
  - Worked with a team to create a web app for facilitating the game Spyfall.

Puzzle Hunts

- Google Games (*3rd Place*), *05.2018*
- Bloomberg Puzzle Hunt (*2nd Place*), *02.2018*
- Facebook Puzzle Hunt (*2nd Place*), *01.2018*

Building Bridges Program, *09.2016 – 11.2016*
Office of Institutional Diversity, Claremont, CA
Participated in seminars on formalized cultural competency and intercultural communication.
